Theme: “Meeting God in THE SHACK”

What to Expect: Grace Camp this year will feature reflections about Paul Young's *The Shack* by Brad Jersak (PhD). We will explore ways that *The Shack* addresses and heals oppressive images of God, replacing them with the Christlike God of the Gospels and early church fathers. We will address hot-button topics such as God’s love and wrath, the problem of suffering, some fine points around inclusivism vs. universalism, and how this relates to God’s grace as seen in Jesus Christ. We hope that this year’s Grace Camp will also help many receive healing and release forgiveness in areas of past hurts.
